

Permaculture Design Certificate Course

phanganeearthworks

The **Permaculture Design Certificate (PDC)** course is an **internationally-recognized, 72-hour course resulting in a Permaculture Design Certificate**. It provides an introduction to permaculture design as set forth by movement founder Bill Mollison. It serves as foundation for further permaculture work and study and is a prerequisite for the Diploma in Permaculture Design, offered through The Permaculture Institute. Credit for this course is now accepted by a growing number of universities around the world.

To date, thousands of permaculture designers worldwide have been certified through this course, and now comprise a global network of educators, ecological activists who influence major corporations, individuals creating new business alternatives and groups of committed people working together to change the way we view and design into our landscapes. The course covers **sustainable living systems for a wide variety of landscapes and climates**. It includes the application of permaculture principles to food production, home design, construction, energy conservation and generation, and explores alternative economic structures and legal strategies supporting permaculture solutions.

Dates: Monday 12 March to Saturday 24 March 2012

Workshop hours are 09.00 - 12.00 and 14.00 - 17.00

Where: On our jungle hillside property in the hills above Sri Thanu village, Koh Phangan, Surat Thani 84280, THAILAND. Email us at phanganeearthworks@gmail.com for a map and directions, or call Julien 083 393 90 21, or Hubert 084 443 98 38.

Price: THB 19'500 (€450) with an early-bird discount of 20% for registrations and payments prior to 15 January 2012. We do offer an NGO special price of THB 12'000 (€275). The number of participants is limited to 30 people, first come first served.

Teacher: This PDC course will be taught by Mustafa Fatih Bakir, a permaculture consultant, designer and teacher with a professional background in architecture and landscape architecture.

Mustafa has taken his PPC (Permaculture Practical Certificate) on the Mollisons' farm in Tasmania in 2007 and his PDC (Permaculture Design Certificate) a year later with permaculture pioneers Bill Mollison and Geoff Lawton in Melbourne. He has further worked with and studied under Geoff Lawton as an intern at The Permaculture Research Institute (PRI) of Australia in 2009.

Mustafa is the founding director of The Permaculture Research Institute of Turkey and lives an active life in the village of Marmaric, in the mountains of the Eagean.

He has designed and is presently the permaculture consultant for 5 projects in Turkey and a project in Spain.
